Find Your Homework Style

DIRECTIONS: When it comes to getting homework done, there are two main approaches. Team Easy First (EF) likes to complete the simplest task first, while Team Easy Last (EL) prefers to start with the most difficult task. NAME:

Organization Station

DIRECTIONS: Using this planning sheet, you will work in small groups to create a PSA video for younger students to teach them that organization is a skill, not a talent, and to provide them with tips for adopting healthy habits that last.

Part 1: Audience

Who are you gearing your video towards? What grade or age?

Part 2: Approach

What approach will your video take? Will it be humorous, thought-provoking, or cautionary? Make sure everyone on your team agrees on a singular focus.

Part 3: Message

What do you want your audience to know about procrastination that you would not have known at their age?

Part 4: Reflection

Has creating this PSA video for younger students made you think about how you could improve your own procrastination habits? If so, explain what steps you could take to stop procrastinating on schoolwork.
